advanced suit options

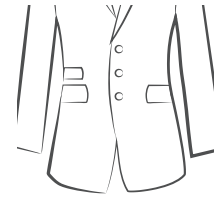

Jacket Monogramming

Personalize your suit jacket with your name, initials or that embarrassing nickname your friends gave you in high school.

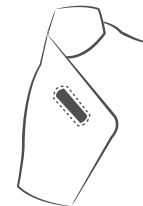

Slanted Pockets

Add a stylish slant to your pockets to differentiate your suit from everyone else in the room.

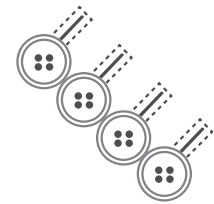

Ticket Pocket

In days past the ticket pocket was where a gentleman would store his train ticket for easy access. Today it is a simple way to add a custom touch to your jacket.

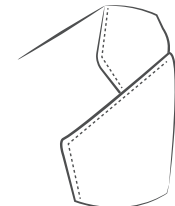

Boutonniere Hole

For easy pinning of boutonnieres for formal occasions; equally appropriate as simply a fashionable addition to draw attention to your lapel.

Functional Buttons

Also known as surgeons cuffs, this option allows you to unbutton your jacket sleeves to roll them up for those times when you have to get your hands dirty.

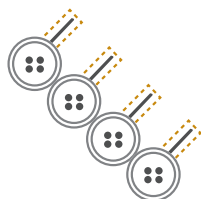

Pick Stitching

A stitched thread along the edge of your lapels, pockets and jacket details. Adds a unique hand-crafted appeal to your suit that will be sure to turn heads.

Contrast Collar Felt

A trendy option that allows for a playful contrasting fabric that goes unnoticed until the collar is popped.

Contrast Stitching

Pick stitching, boutonnieres and button holes can be stitched in a contrasting fabric to add some youthfulness to a plain colored suit.

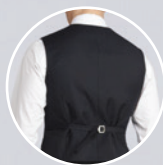

8

add a vest

Add a timeless touch of style to your suit by purchasing a matching vest

Vest Back

Fabric Back
Have the fabric of your suit cover both the front and back side of the vest for a more versatile look.

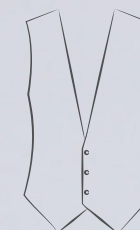

Satin Back

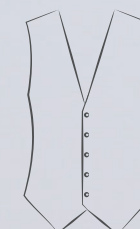

The satin back is perfect for formal occasions.
